1. AIDec Client
2. AIDec server level

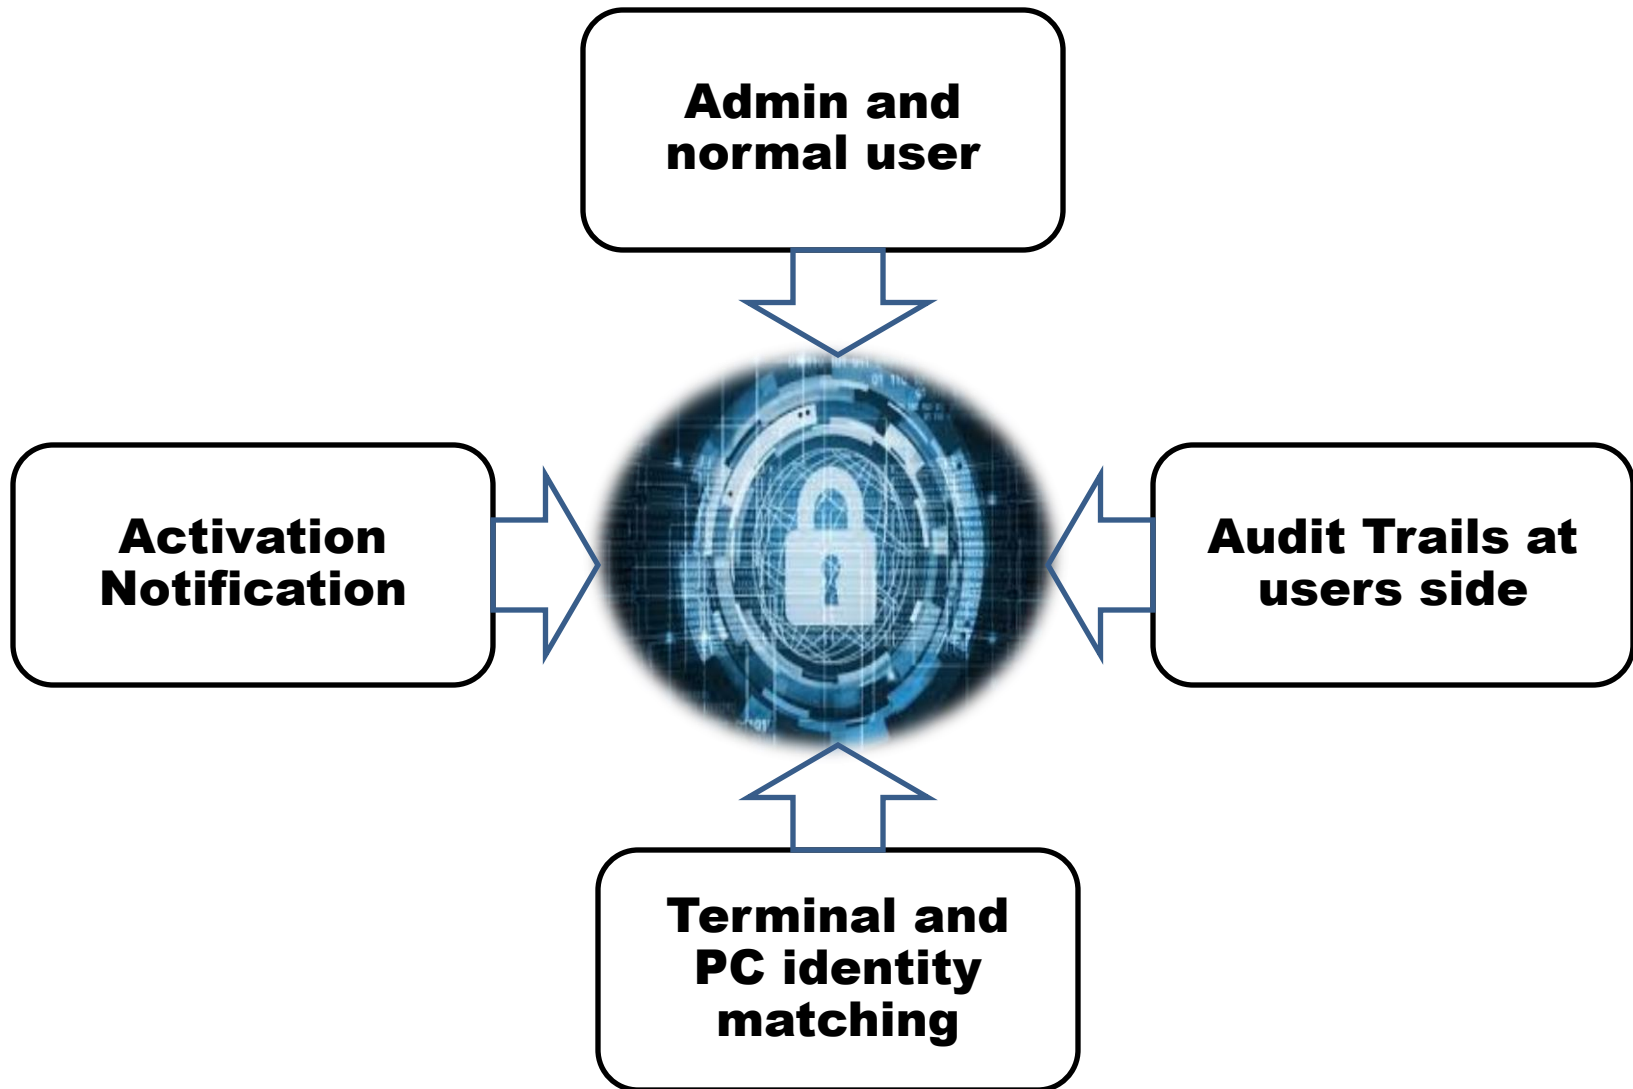

Used for the upload function from excel format

Built-in Templates

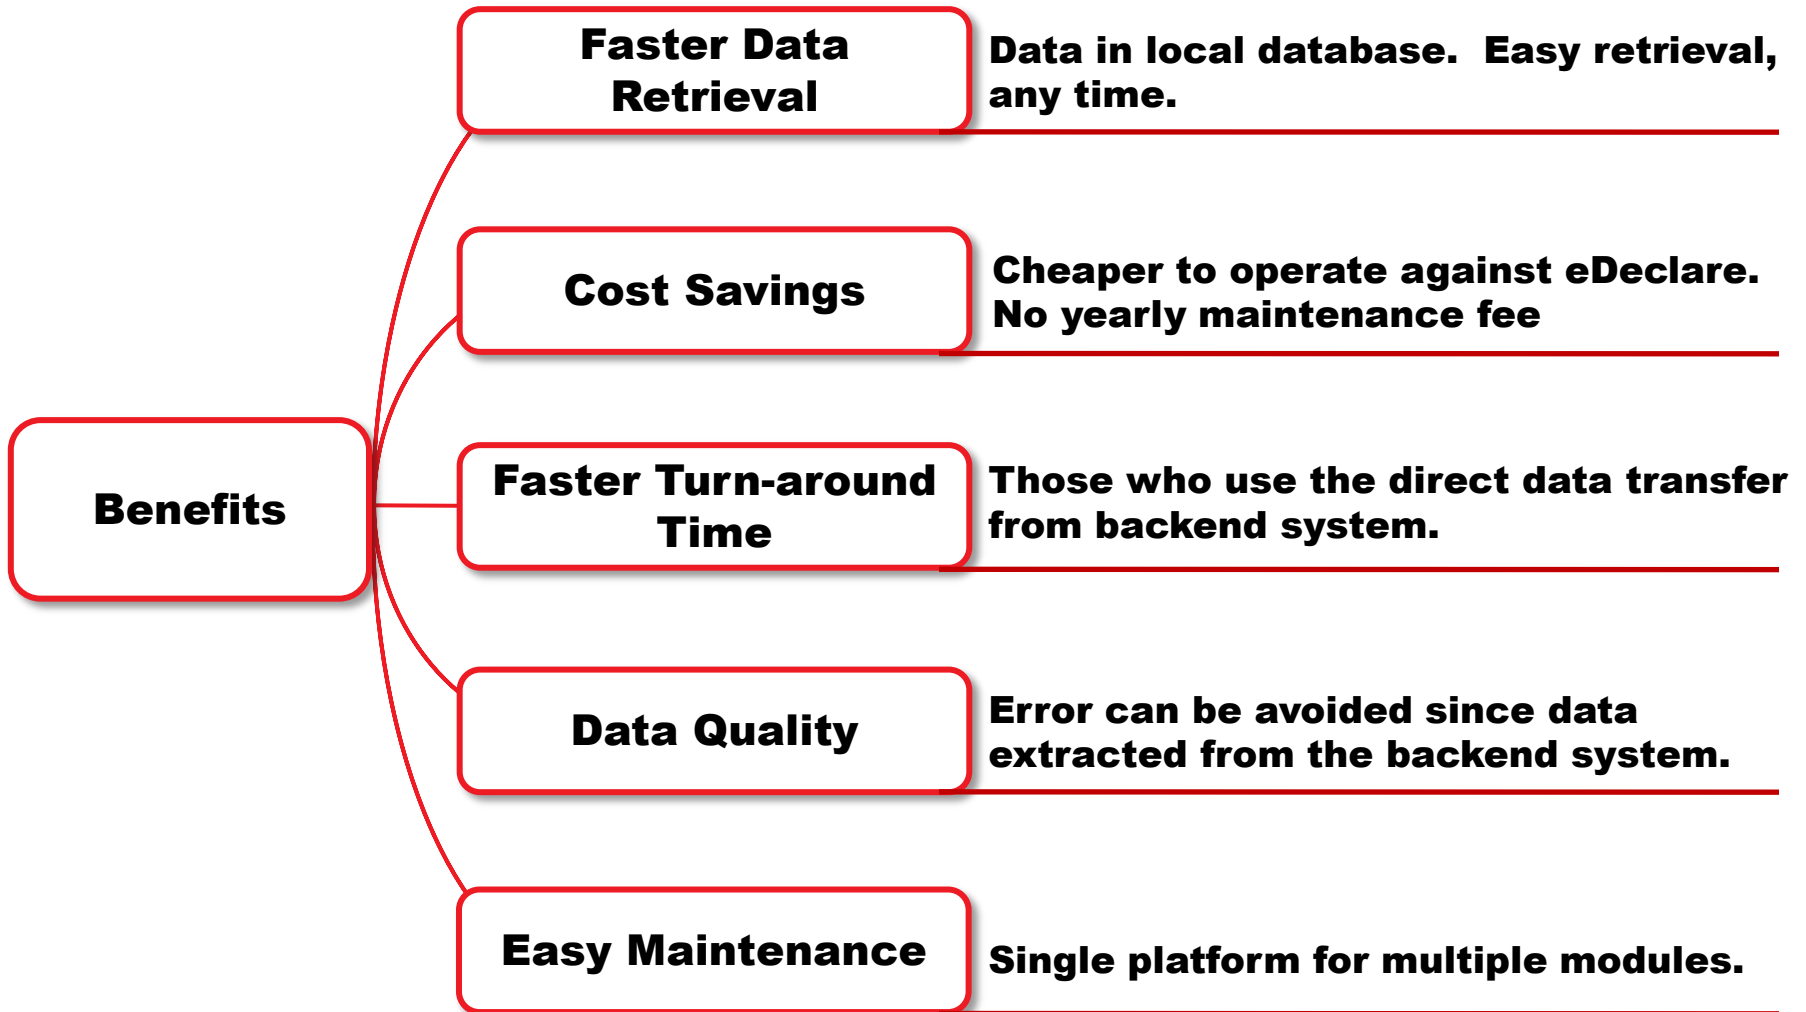

Alert Mechanism

Build in auto and manual alerts i.e HD / unt

AI Dec – Security Features

AIDec – Benefits

AI Dec – Pricing Structure

No	Item	Monthly Charge (RM)
1	Single Module	50.00
2	2 nd module	40.00
3	Additional modules – 3 modules and above (price per additional module)	30.00
4	Additional terminals – in block of 5 terminals	50.00

Note:

Minimum package include the following:

1 module, Login id – 1 admin and up to 5 users, 1

Database (SQL Express) and terminal (up to 5 terminals)

Scenario		Cost (RM)/year		Difference (RM)
Module	Terminal	AI Dec	eDeclare	
1	3	$((50 + 90) * 12)$ = RM 1,680.00	$(660 + (90 * 12))$ = RM 1,740.00	-60.00

AIDec – System Requirements

Area	Minimum Requirement
Operating System	Windows 7 (Service Pack 1) and above
RAM	Minimum: 4 GB Recommended: 8 GB
Available Space	128 GB Free
Database	SQL Express (built in)
Connectivity	Internet

Note:

Centralize set up is possible (different location, sharing single Database. But required high bandwidth and private network between the sites

AI Dec – Implementation Plan

Approach

Implementation will be in phases. Users will be notified from time to time

Installation

Dagang Net tech support personnel will install in advance. Active date will be announced later

Setup

To use the existing setup used by eDeclare

Pending Declarations

Ensure that there is no pending declarations in eDeclare before the activation date.

Multiple Sites

Company with multiple sites will need to be migrated at the same time.

Collaterals

Ample materials will be provided, such as eLearning, Video and Tutorial slides

2018
