

SAMPLING PLAN

- ❑ MS 85: 2010: Clause 10.1 - Packaging
 - The flour shall be packed in clean, sound and new bags made of polypropylene or paper bag or any suitable packing material.

- ❖ **Sampling plan:** 1 sample (approximately 1 kg) / Type of Flour / Manufacturer.

- ❖ **Sampling procedure:** Randomly select 2 bags of Flour. The identification of bags must be recorded for reference. To take samples from each bag by using “sampling spear” for 5 times.
Note: 1 time \approx 100 g

Note: One COA application ID is restricted for 1 type of flour ONLY e.g. 2 types of flour in one shipment = 2 separate COA applications
