## 1 DANGEROUS CARGO DECLARATION SYSTEM

The Dangerous Cargo Declaration System is a web based application designed to facilitate traders in performing Dangerous Cargo declaration. Since this application is web based, it can be accessed from anywhere as long as the internet connection is available. Following document describes the functionalities available for Agents.

### 1.1 LOGIN PAGE

Following page will appear upon entering <http://edcdeclaration.dagangnet.com/> on the address bar.

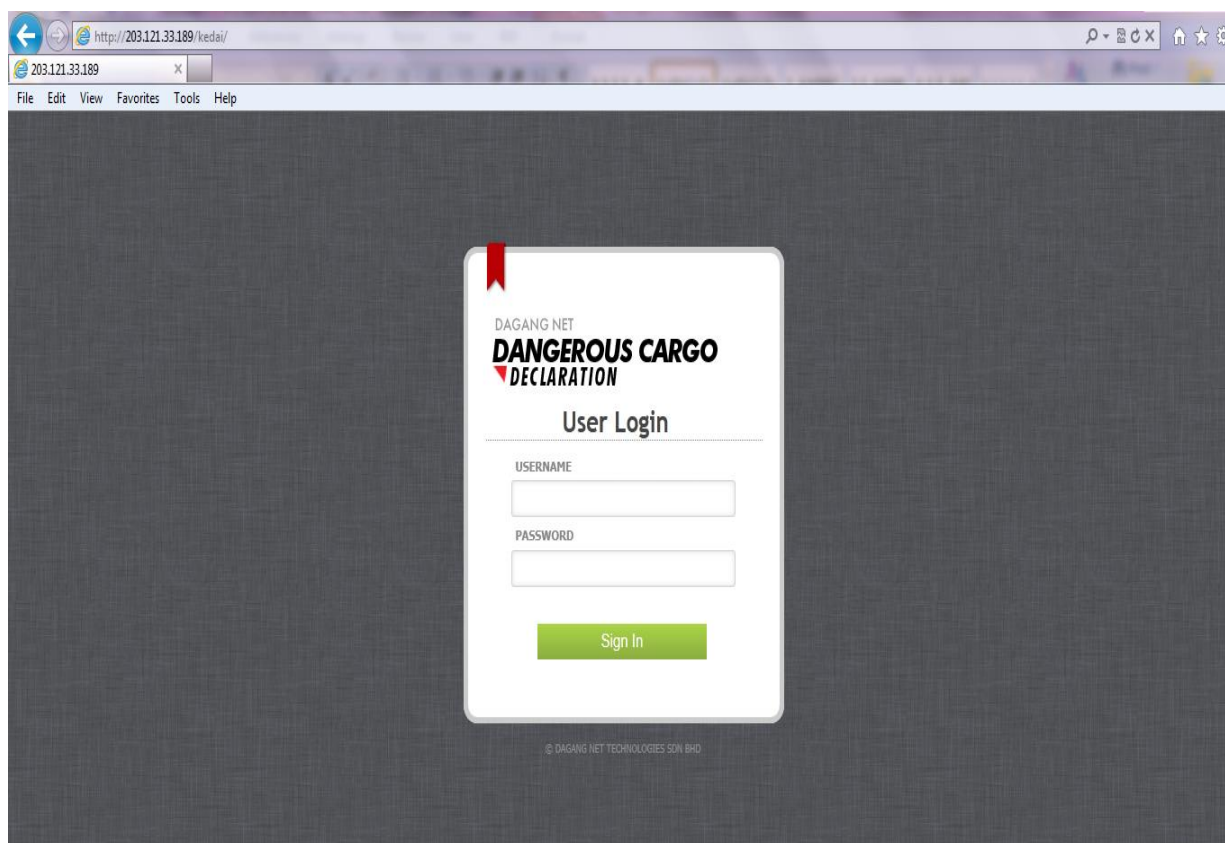

Figure 1: DC Front End Login Page

Valid Login ID and password is required in order to access this application. Enter username and password in following textbox and enter Sign In button. Agent Main Page should appear.

## 1.2 MESSAGES

Basically, there are three types of messages is displayed by this system. On event of successful addition of new record, success notification message will be displayed by the system. Figure 3, shows the sample of success message which will be displayed once new agent is added successfully.

Figure 3: Success Notification Message

The system will display error message if the value entered fails the system validation and these validation rules are required to avoid data entry error. Following are the sample of error messages displayed by this system.

Figure 4: Mandatory Validation Error Message

Figure 5: Password Validation Error Message

Figure 6: Email Validation Error Message

The system will display confirmation message on click of delete button. The selected record will only be deleted on click of YES button; otherwise the deletion process is aborted.

Figure 7: Confirmation Message

### 1.3 DC DECLARATION LIST

Click on **DC Declaration List** menu and DC Declaration List screen should appear. By default,

 **Draft [55]** list will appear.

## 1.4 DC DECLARATION FORM

### 1.4.1 ORIGINAL DECLARATION SUBMISSION

DC Declaration form will appear on click of [DC Declaration Form](#) link. This form consists of multiple sections which are:

1. Declaration Details,
2. Port Details,
3. Vessel Details
4. Secondary Vessel Details,
5. Container Master Details
6. Item Details
7. Other Party Details
8. Warehouse Details
9. Response Details.

Section 1, 2 3, and 9 will appear on the form load, which are the common information required for all type of declaration.

Section 4 will only appear if Declaration Type = "Transshipment"

Section 5 will only appear if Cargo Type ="Containerized"

Section 6 and 7 will only appear on click  of after entering mandatory information required in Section 1, 2 and 3(if required: 4).

Section 8 will on appear only if Declaration Type ="Export" and Transaction Type = "LCL Export"
