Preferential Certificate of Origin

WHAT IS PREFERENTIAL CERTIFICATE OF ORIGIN (PCO)?

CO is a certificate/trade document issued by a competent authority of the exporting country that certifies the origin of the goods, which allows importer to claim for preferential tariff rates based on Rules of Origin of each agreement entered into force.

Type of Certificate Of Origin

Certificate of Origin (CO) is a document to prove the origin of a product. There are two (2) types of Certificate of Origin (CO).

Preferential Certificate of Origin (PCO)
issued by MITI based on the
requirements under the FTAs to
exporters for their importers to enjoy
tariff concession

Non-Preferential Certificate of Origin
(NPCO) issued by MITI's appointed
Chambers of Commerce / Trade
Association to exporters for export to
non-FTA member countries. The
NPCO will only serve as a proof of
origin, but no tariff concession will be
enjoyed by the importers.

Type of Certificate Of Origin

Certificate of Origin (CO) is a document to prove the origin of a product. There are two (2) types of Certificate of Origin (CO).

Preferential Certificate of Origin (PCO)
issued by MITI based on the
requirements under the FTAs to
exporters for their importers to enjoy
tariff concession

Non-Preferential Certificate of Origin
(NPCO) issued by MITI's appointed
Chambers of Commerce / Trade
Association to exporters for export to
non-FTA member countries. The
NPCO will only serve as a proof of
origin, but no tariff concession will be
enjoyed by the importers.
